Ms. Marlene Dortch  
Secretary  
Federal Communications Commission  
445 12th Street, S.W.  
Room TW-A325  
Washington, D.C. 20554

**Re:        *Ex Parte Notice***

*Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*, GN Docket No. 12-268;  
*Policies Regarding Mobile Spectrum Holdings*, GN Docket No. 12-269

Dear Ms. Dortch:

On June 26, 2013, Tim Donovan of the Competitive Carriers Association; Trey Hanbury and AJ Burton of Hogan Lovells US LLP (representing the Competitive Carriers Association); Jill Canfield and Scott Lively of NTCA – The Rural Broadband Association; Grant Spellmeyer of United States Cellular Corporation; Larry Krevor and Rafi Martina of Sprint Nextel Corporation; Michael Calabrese of the New America Foundation; Cathleen Massey of Clearwire Corporation; Joshua Roland and Indra Chalk of T-Mobile USA, Inc.; Tony Veach of Bennet & Bennet, PLLC (representing the Rural Telecommunications Group, Inc.); Alison Minea of Dish Network L.L.C.; Ben Moncrief of C Spire Wireless; and Catherine Sloan of the Computer & Communications Industry Association met with Louis Peraertz, the Wireless, International, and Public Safety Legal Advisor for Acting Chairwoman Clyburn, and Jessica Almond, Chief of Staff for the Wireless Telecommunications Bureau.

This group of public interest organizations, trade associations, and competitive carriers discussed the attached slides, which explain the importance of promoting competition and preventing excessive spectrum aggregation in the upcoming 600 MHz incentive auction. Adopting a spectrum aggregation limit for this auction will promote investment and innovation, encourage auction participation, enhance consumer choice, and create the potential for higher auction revenue.

Consistent with section 1.1206 of the Commission's rules, please associate this letter with the above-referenced docket.

Respectfully submitted,

*/s/ Trey Hanbury*

Trey Hanbury  
Counsel to Competitive Carriers Association
